Intelligent and user-friendly

Sophisticated
fuzzy logic intelligence system
designed to jump-start
both beginners
and serious athletes.

Rich features,
intuitively designed,
so anyone can customize
their own exercise routine
with ease.

Ultimate power and performance

Advanced AC inverter system
delivers peak performance
from the heavy-duty
industrial grade
AC drive motor.

Strong and quiet.
Enduring power
that lasts a lifetime.

Vision and inspiration

Driven by the vision to offer the world the ultimate performance treadle, we proudly present T750 Club, an inspiration in design and breakthrough technology, the most sophisticated treadle to motivate and inspire you.

Simply elegant.

Every line is deliberate.
Each element is purposeful.
Timeless and exquisite.
T790 Club captures your attention, entices you to exercise,
and motivates you to exceed your goals.

Discriminating craftsmanship

The silence required and being on the front is each one of us.
The silence is...

Strong and solid

The most reliable machine, designed and built like no other.
A unique solution that meets and exceeds the expectations
of the most demanding user.

Space without boundary

Stretch your mind as you stretch your stride
on the enormous running space—five of them.
Running is a joyful experience on T790 Club.

Commitment to quality

Every component precisely designed and carefully crafted to bring you the most reliable working solution for the best return on your investment.
